Snigdha Kethineni

Transform Rhode Island Scholarship

"Providing women with free and accessible menstrual care and informative education is long overdue. It's time to take care of our women. Let's make it so that menstruation no longer holds women back but serves as the rhythm to which they lead their unstoppable lives."

~ Snigdha Kethineni
Lincoln High School

BIG IDEA:

Snigdha's big idea is Cycle Sense, a program that will strive to create menstrual equality in Rhode Island so that every woman will have the products and necessary information to not only take care of themselves, but to thrive and achieve whatever they desire.

HOW WILL SHE DO IT?

Cycle Sense will collect and distribute menstrual products to public areas in RI and educate young women about their cycles and proper hygiene, focusing on women's shelters, food pantries, and foster homes.

Along with hygiene products, Cycle Sense will also distribute informational pamphlets and hold free informational programs designed to educate women across the Ocean State.
